

The Institute of Clinical Simulation
The Hong Kong College of Anaesthesiologists

Nursing Intervention of Clinical Emergencies (NICE) Workshop 2010

The NICE workshop allows you to practice and learn how to manage uncommon clinical emergencies in a simulated clinical setting but risk free environment.

By attending the workshop, you will:

- Learn how to manage uncommon clinical emergencies and work as a team through various scenarios
- Reflect on your own behaviour and performance through non judgemental discussion that guided by experienced instructors and to learn how these behaviour affect the management of clinical emergencies
- Learn about the use of available resources during clinical emergencies management
