

08:00 - 08:45	<b>Registration</b>					
08:45 - 09:00	<b>Opening Ceremony</b>					
09:00 - 10:30	<b>Plenary Session One (S421)</b> Chairperson: Professor Michael Irwin (Hong Kong)			<b>Nursing Symposium (S228)</b>		
	1. <b>Promoting Professionalism and Excellence in Medicine - A National Initiative</b> Dr John Colvin (RoCA)			1. <b>Paediatric Sedation Service</b> Dr Theresa Hui (Hong Kong)		
	2. <b>Patient Safety in Clinical Practice</b> Professor Yu-guang Huang (China)			2. <b>Awareness and Brain Function Monitoring</b> Dr Yee-eot Chee (Hong Kong)		
	3. <b>Quality Healthcare Transformation</b> Dr Yu-fat Chow (Hong Kong)			3. <b>Arrhythmias and its Management</b> Ms Peggy Tsung (Hong Kong)		
10:30 - 11:00	<b>Tea Break &amp; Healthcare Industry Exhibition</b>					
11:00 - 12:30	<b>ICU Symposium (S421)</b> Chairperson: Dr Stanley Choi-hung Chan (Hong Kong)	<b>Vascular Symposium (S423 - S424)</b> Chairperson: Dr Yee-eot Chee (Hong Kong)	<b>4th Cross Straits Four Regions Anaesthesia Quality Meeting (S426 - S427)</b> Chairperson: Dr Leo Chun-yin Wat (Hong Kong)	<b>Regional Anaesthesia Workshop (Lower Limbs) (S222 - S223)</b> Program to be announced	<b>Nursing Workshop (S228)</b>	<b>Free Paper Presentation (S229)</b> Chairperson: Professor Chi-wai Cheung (Hong Kong)
	1. <b>Rational Use of Oxygen</b> Professor Nigel Webster (BJA)	1. <b>Stenting Ruptured Aortic Aneurysms, the Anaesthetic Implications of the IMPROVE Trial</b> Dr Simon Howell (BJA)	1. <b>What you don't know about Spinal and Regional Anaesthesia</b> Professor Edmund Cheung So (Taiwan)		1. <b>Airway Management - Video Scope for Intubation</b>	
	2. <b>End of Life Decision Making in ICU</b> Dr Kevin Clarkson (CAI)	2. <b>LA vs GA for Vascular Surgery: Do we have the Answer?</b> Professor Peter Kam (Australia)	2. <b>Challenges of Blood Transfusion Safety</b> Dr Fai Leong (Macau)		2. <b>Management of Arrhythmias with Defibrillator</b>	
	3. <b>Modelling Sepsis for Research: Cells, Animals, People</b> Professor Hellen F Galley (BJA)	3. <b>Crossing Boundaries: Challenges of the Thoracic Aorta</b> Dr J-P van Besouw (RoCA)	3. <b>Resilience in the Safety-critical Workplace</b> Mr Norman MacLeod (Hong Kong)		3. <b>Anaesthetic Awareness and Brain Function Monitoring</b>	
					4. <b>Pain Management</b>	
12:30 - 14:00	<b>Lunch Symposium (Co-sponsored by Baxter Healthcare &amp; Mundipharma (Hong Kong) Ltd.)</b> Chairperson: Dr Doris Leung (Hong Kong)					
14:00 - 15:30	<b>Plenary Session Two (S421)</b> Chairperson: Professor Gavin Kenny (United Kingdom)					
	1. <b>Using National Data Collection to Understand Anaesthetic Awareness</b> Dr Ellen O'Sullivan (CAI)					
	2. <b>Using National Data Collection to Improve Outcomes in Hip Fracture</b> Dr Stuart White (RoCA)					
	3. <b>Perioperative Red Blood Cell Transfusion, from Liberal to Restrictive, and to be Individualized</b> Professor Jin Liu (China)					
15:30 - 16:00	<b>Tea Break &amp; Healthcare Industry Exhibition</b>					
16:00 - 17:30	<b>Neuro Symposium (S423 - S424)</b> Chairperson: Professor Matthew Chan (Hong Kong)	<b>4th Cross Straits Four Regions Anaesthesia Quality Meeting (S426 - S427)</b> Chairperson: Dr Yu-fat Chow (Hong Kong)	<b>Regional Anaesthesia Workshop (Upper Limbs) (S222 - S223)</b> Program to be announced	<b>Paediatric Symposium (S224 - S225)</b> Chairperson: Dr Lai-ming Ng (Hong Kong)	<b>Trainee Presentation (S229)</b> Chairperson: Dr Chi-hung Koo (Hong Kong)	
	1. <b>The Role of TCD in Neuroanaesthesia</b> Dr Arthur Lam (United States)	1. <b>Topic to be announced</b> Professor Wei-fu Lei (China)		1. <b>Paediatric Airway Management : The Challenges</b> Dr Theresa Hui (Hong Kong)		
	2. <b>Intraoperative Neurophysiological Monitoring -Why and How?</b> Dr Jason Chui (Canada)	2. <b>Problematic Issue directly related to Surgery</b> Professor Eric Kar-lok Wong (Taiwan)		2. <b>Vascular Access in Children and Infant: State of the Art</b> Dr Wing-hong Kwok (Hong Kong)		
	3. <b>Current and Future Neurointerventions -- Implication to Anaesthesia</b> Dr Raymond Lee (Hong Kong)	3. <b>Anaesthetic Informant System</b> Professor Yi Feng (China)		3. <b>Changing Sedation Practice in Children - Why Bother?</b> Dr Vivian Yuen (Hong Kong)		
17:30 - 18:00	<b>Cocktail Reception</b>					
18:00 - 19:00	<b>HKCA Congregation</b>					
19:00 - 22:00	<b>Gala Dinner</b>					

08:30 - 09:00	<b>Registration</b>					
08:00 - 08:45	<b>Breakfast Symposium (Sponsored by Mundipharma (Hong Kong) Ltd.)</b> Chairperson: Dr Michelle Cheung (Hong Kong)					
09:00 - 11:00	<b>Plenary Session Three (S421)</b> Chairperson: Dr Yu-fat Chow (Hong Kong)			<b>Nursing PBL Session (S228)</b> <i>(Please refer to the next page)</i>		
	<b>1. Fluid Therapy: Basic Science and Controversies</b> Professor Peter Kam (Australia)					
	<b>2. Medical Technology: Friend or Foe?</b> Professor Gavin Kenny (United Kingdom)					
	<b>3. A National Policy for Safe Sedation</b> Professor Robert Sneyd (RoCA)					
	<b>4. Maternal Deaths – Current Perspectives from the Confidential Enquiry</b> Dr John Loughrey (CAI)					
11:00 - 11:30	<b>Tea Break &amp; Healthcare Industry Exhibition</b>					
11:30 - 13:00	<b>Obstetric Symposium (S421)</b> Chairperson: Dr Sharon Liang (Hong Kong)	<b>SAHK Symposium (S423 - S424)</b> Chairperson: Professor Chi-wai Cheung (Hong Kong)	<b>BJA Symposium - How to Do Research (S426 - S427)</b> Chairperson: Dr Man-shun Law (Hong Kong)	<b>Echocardiography Workshop for Anaesthetists (Echo-A) (S222 - S223)</b> <i>(Please refer to the next page)</i>	<b>Neuromonitoring Workshop (S224 - S225)</b> <b>Transcranial Doppler</b> <i>(Co-sponsored by CUHK Medicine and Mindray/ Mariken Health care Co Ltd.)</i> Instructors: Dr Arthur Lam (United States), Ms Colleen Douville  <b>Neurophysiological Monitoring</b> <i>(Sponsored by Elite Medical Technology Ltd)</i> Instructors: Dr Jason Chui (Canada), Dr Clara Poon <i>(Please refer to the next page)</i>	<b>Nursing PBL Session (S228)</b> <i>(Please refer to the next page)</i>
	<b>1. The Obstetric Airway Problem....</b> Dr Ellen O'Sullivan (CAI)	<b>1. Prediction and Prevention of Postoperative Cognitive Dysfunction</b> Professor Bu-wei Yu (China)	<b>1. Statistical Pitfalls</b> Professor Nigel Webster (BJA)			
	<b>2. Updates in Obstetric Anaesthesia that Make Changes</b> Dr Frances Lui (Hong Kong)	<b>2. Perioperative Statin Therapy</b> Professor Michael Irwin (Hong Kong)	<b>2. Developing an Idea</b> Professor Helen F Galley (BJA)			
	<b>3. Ultrasound in Obstetric Anaesthesia – Quality Tool or Legal Standard?</b> Dr John Loughrey (CAI)	<b>3. Protein Modulation &amp; Morphine Tolerance</b> Professor Wen-jinn Liaw (Taiwan)	<b>3. Study Design</b> Dr Simon Howell (BJA)			
13:00 - 14:30	<b>Lunch Symposium (Sponsored by Pfizer)</b> Chairperson: Dr Arthur Yu-fai Chung (Hong Kong)					
	<b>Contemporary Strategies for Effective Postoperative Pain</b> Dr Kok-eng Khor (Australia)					
14:30 - 16:00	<b>Ortho Symposium (S421)</b> Chairperson: Dr Timmy Chi-wing Chan (Hong Kong)	<b>Pain Symposium - Cancer Pain (S423 - S424) (Sponsored by The University of Hong Kong)</b> Chairperson: Dr Steven Wong (Hong Kong)	<b>BJA Symposium - How to Get Published (S426 - S427)</b> Chairperson: Professor Michael Irwin (Hong Kong)	<b>Echocardiography Workshop for Anaesthetists (Echo-A) (S222 - S223)</b> <i>(Please refer to the next page)</i>	<b>Airway Workshop - Management of Critical Airway (S224 - S225)</b> Instructors: Dr Ellen O'Sullivan (CAI) Dr Yau-wai Chan (Hong Kong) Dr Vivian Yuen (Hong Kong) <i>(Please refer to the next page)</i>	
	<b>1. Geriatric Anaesthesia - Daily Business in Orthopaedics....</b> Dr Stuart White (RoCA)	<b>1. Pharmacological Management of Cancer Pain</b> Professor Roger Goucke (Australia)	<b>1. BJA Philosophy</b> Professor Nigel Webster (BJA)			
	<b>2. Evidence of Regional Anaesthesia / Training of Regional Anaesthesia</b> Dr Timothy Brake (Hong Kong)	<b>2. Intraspinal Management for Refractory Cancer Pain</b> Dr Patrick Chih-peng Lin (Taiwan)	<b>2. Writing a Paper</b> Professor Helen F Galley (BJA)			
	<b>3. Fast Track Total Knee Replacement</b> Dr Eric So (Hong Kong)	<b>3. Update of Palliative Care for Cancer Patients</b> Dr Rico Liu (Hong Kong)	<b>3. Dissemination of Results</b> Professor Robert Sneyd (RoCA)			
16:00 - 16:15	<b>Closing Ceremony</b>					
16:15 - 17:30	<b>Wine Tasting</b>					

### **Nursing Symposium & Workshop**

Awareness in anaesthesia, Pediatric sedation, Arrhythmia: Are you ready for these challenges in your daily work? Join the nursing symposium, you can get the chance to explore more on them. This includes lectures and hand-on workshop. Don't miss the chance, come and join us!

### **Neuromonitoring Workshop**

Intraoperative Neuromonitoring is a valuable part of surgical procedures. Insight into the nervous system during surgery provides crucial information to the surgeon and anaesthetists allowing reversal or avoidance of potential neural insults

Different modalities have been developed over the past decades.

In this workshop, delegates will be given opportunities to have hands on experience on various modalities of neuromonitoring including Somatosensory Evoked Potential, Motor Evoked Potential, Electromyogram, Auditory Brain Response, Transcranial Doppler, etc. Basic principles of these will be covered and there will be case scenario for discussion and experience sharing.

### **Airway Workshop**

#### **Management of Critical Airway**

Are you prepared to manage the most challenging difficult airway conditions in adult, in parturient and in children? Come to this workshop to find out! In this workshop we will go through the preparation and skill you may need in management of patient with critical airway conditions.

### **Nursing Problem-Based Learning**

This is an interactive learning session where participants are guided step-by-step to think critically and manage crisis situations that are commonly encountered in the perioperative period.

4 crisis scenarios will be posted. Each scenario is accompanied by several driving questions where participants can poll their answers via a web-based polling system. Best possible actions substantiated by scientific evidence and/or updated guidelines will then be disclosed and discussed.

### **Echocardiography Workshop for Anaesthetists (Echo-A)**

Echo-A is a workshop designed to provide anaesthetists with the practical skills of transthoracic echocardiography (TTE) under supervised training. This course is of particular benefit to anaesthetists with no or limited experience on TTE. It is aimed that participants would be equipped with the necessary practical skills in performing basic TTE upon completion of the course.

There is an emphasis on hands-on practical component during the course; each participant will be given extensive opportunities in hands-on practices in performing basic TTE on a number of volunteers, under the guidance of experienced facilitators. Basic qualitative and quantitative haemodynamic assessment will also be demonstrated and taught on during the practical sessions.
