

## Echocardiography Committee

**HKCA Focused Echocardiography Course** consists of three components:

- I. Pre-workshop preparation
- II. Attending the workshop
- III. Post-workshop reinforcement.

**I. Prior to attending the workshop**, you will need to study the following items as preparation. In order to maximise the scanning time in the workshop, it is important that you go through the tutorials which covers the theory knowledge.

- Study the 2 tutorials (via Smartphone, Tablets or Computer).
  - (Tutorial 1) Introduction to the HKCA Focused Echocardiography Course**
  - (Tutorial 2) Transthoracic Echocardiography Examination** (complete MCQ via assessment portal) *Each question will show the explanation after you reach the pass mark of 70%. (maximum 6 attempts)*
- Watch the Echo-A videos 1-5 (accessed via Assessment Portal) and complete the MCQ assessments :
  - (Echo-A Lesson 1): Knobology (09:31)**
  - (Echo-A Lesson 2): Ventricular Function and Fluid Status (20:21)**
  - (Echo-A Lesson 3): Valvular Diseases (30:41)**
  - (Echo-A Lesson 4): Cardiac Emergency (04:53)**
  - (Echo-A Lesson 5): Shock (14:59)**

**II. During the workshop**, teaching on the hands-on scanning skills will be the focus.

- Receive a Workshop Attendance Certificate at the end of the workshop.

**III. After the workshop**, you will need to complete the following items. *(mandatory for HKCA trainees admitted after July 2018, optional for other participants)*

- Study the other 3 tutorials
  - (Tutorial 3) Basic Haemodynamic Assessment** (complete MCQ via assessment portal)
  - (Tutorial 4) View, Valves and Pericardium** (complete MCQ via assessment portal)
  - (Tutorial 5) Case Studies & Reporting**
- Complete the 20 case studies (via Assessment Portal).
- You can request a *HKCA Focused Echocardiography Course* completion certificate (via Assessment Portal) when you complete all the tutorial assessments and case studies.

**You will receive your Login Credentials from iTeachU Support Team under separate cover.**

***For HKCA Trainees admitted in and after July 2018,***

- *Upload the HKCA Focused Echocardiography Course completion certificate issued by iTeachU onto the College's Electronic Portfolio System (EPS).*
- *Undergo the 10 supervised focused transthoracic echocardiography practices with College's accredited echocardiography trainers and log the cases in the College's EPS.*

Wish you enjoy the course.
